Thread: [\\$5 BTC Giveaway!](#)

???? - May 2, 2016, 5:45 pm

Hello HackForums. Although this isn't something big, it's something. I'm glad to help the community with what I can as of now!

Prize: \$5 BTC

You could gamble, pay a domain, get a VPS, and many more.

Or just save it.

Requirements:

- Positive reputation
- At least 25 posts.

A single post allowed for each user.

Good luck everyone! The winner will be picked using post # and random.org! I will end this after I wake up, but will still wait a few hours.
