Xetrics' Code Service

About Me

Hello, I am a 17 year old programmer from Ohio. I first started to experiment with computer science in the year 2010, when I was 11 years old in a game called Roblox, I have been learning new fields in computer science since, all self taught.

My KnowledgeLAMP/LEMP Server Stack Development (PHP, MySQL, Apache/Nginx)

MERN Server Stack Development (NodeJS, Ember, React)

Windows Applications

Mobile Applications

Game Development

Reverse Engineering / Game Hacking

JSON/XAMPP Data Delivery

Web Design (SCSS, CSS3, HTML5, JS / JQuery)

Discord Bots

Knowledge of ROBLOX trading APIs

+ More

I am proficient in:

C/C++/C# | Assembly | Lua | Javascript / JQuery | PHP | NodeJS | + limited knowledge in a few others

How It Works

1. Know what you want.
2. Contact me (See below)
3. We discuss the project and come up with a price that we both see fair
4. You pay 25%
5. I show you the product via screenshot/screenshare
6. You pay the remaining amount
7. You receive all source code / build
8. You receive and support you need settings it up / troubleshooting
