So the simple question is. Are you currently on Hackforums on your phone or computer

skelly76 - May 4, 2016, 11:46 pm

What is the point of this. Also you forgot a question mark at the end of your question.

Desolate Night - May 5, 2016, 12:11 am

PC master race detected.

Also, why do you discriminate against tablets,phablets?

Herbert - May 5, 2016, 12:22 am

I have a poll that will be the most popular on hf, is OP CIA or FBI?

BulletsModz - May 5, 2016, 12:26 am

neither, i got injected into hackforums a while ago and cant seem to get out

PugaxD - May 5, 2016, 5:30 am

I use both. Right now I'm using my mobile phone to browse.

SixInchesDeep - May 5, 2016, 5:36 am

Phone master race lmao

Jk I'm just never home

granz???????????????? - May 5, 2016, 5:37 am

Computer ofcourse, hate browsing through my phone lol.

Lorenzo Gucci - May 5, 2016, 5:37 am

I am using my mind. Why is there no option for that?

Wow lol, I am quite shocked by the responses lol. I, being a mainly mobile user, am surprised to that is not the case for most. Also, I'm so confused as to how I am considered Feds for asking? Pleas explain...? Has ANYONE seen my post history lol.

J.A.R.V.I.S - May 5, 2016, 12:12 pm

You should have added both

Lovell - *May 5, 2016, 1:04 pm*

Don't really see the point of this thread Imfao but on my mobile device, I'm rarely home.

A Powerade - *May 5, 2016, 1:08 pm*

I'm on my laptop that's using the internet from my phone. So....both?
