Thread: [GTA5 Money Drops](#)

???RSA - May 5, 2016, 10:09 am

Hey guys I am selling money drops on grand theft auto 5 money drops. I charge \$1 per 100 million. That is a amazing comparison to spending \$100 and only getting 8 million. If you are intrested then reply to this thread.

Q/A

Q: Why would I pay for this, I can just get some one to drop me it?

A: Well first off some modders will actually remove your money, and secondly no one will drop the amount that I will drop for you. Secondly when you purchase this, it is dropped as soon as you request, and you can transfer it to next gen, and don't have to worry about getting banned.

Have a question? Post it down below, and I will add it in here, as well as reply to your question down below.
