I liked it but it wasn't as good as I anticipated it to be.

I loved the fight scenes and especially the introduction of Tom Holland's version of Spiderman.

I don't know where you're looking but it comes up online with a simple Google search. I just did it and tested it, I can confirm it's working.

Was a great movie. It was the first movie of the MCU that I've watched (friends wanted to go to theatre). Watched all the other movies and I want to see more of the Hulk tbh.
