Thread: [\[FREE\] SatoshiMines Method!](#)

TRAUMA - May 7, 2016, 11:19 am

As some of you may know, I found a new strategy on satoshimines that's been making me around \$1,000 a day with only about 30 minutes of gambling.
Investment is needed!

If you would like this, please shoot me a PM! ?

Would you rather me make people pay for some strategy on gambling or just use my referral for free?

Well technically all methods are shit because it's gambling lol.

Celph - May 9, 2016, 11:49 pm

More like Chase doesn't want to hear from everybody how this method sucks and its just crap gambling.

OneEightSeven - May 9, 2016, 11:51 pm

Anyone got this method and would like to give it to me? D: He is on Vaca ban or something

Locochope - May 10, 2016, 12:50 am

its to bet 1000 on 24mine, click always same spot (he says will come before 20 clicks(it doesnt^^)) and if not increase to 2000 and more bits...

also he wants you to play with his ref.. and recommends we should play with \$100

RurouniX - May 10, 2016, 1:41 am

I would really appreciate it if you PM me with ur method

Thanks in advance

Celph - May 10, 2016, 12:46 pm

This is a bullshit method. It gets him referral bonuses which is why hes banned himself so he doesn't have to angry people.

You are completely wrong. He self banned because he got upset after losing 3k

OneEightSeven - May 10, 2016, 2:07 pm

Tried this method without his ref link actually worked out for me with \$30 up by \$90 but I ended up spending \$100

Are you fucking dumb? I decided to go all in on a different website and lost 3grand, so I just decided to take a break from HF.

Matter of fact, I made \$0 off of the affiliate link.
