Hm, really need Epic actually, need that extended PM space and that reduced cool down time.

My favourite quote (I have two):

1) Work like a slave for 5 years, live like a King for 50, rather than live like a King for 5, and work like a slave for 50. (My dad always says this to me as motivation to work hard now instead of later on in life).

2) It is better to remain quiet, and be thought a fool, than to speak once, and remove all doubt.

3) Don't get scammed, or rammed, use me as your middleman.
