8/10

There are 32 packs included in this AIO pack, some are large and some are small. The main pack by VBScripter has lots of images, mostly non-nude and almost nude, and 6 videos of various lengths. I've been using this pack for a day, and it has brought me \$30 from selling a 6 minute video. Mind you, I was lazy af and only got LQ traffic of 10 chats ? I have not used the other packs yet, so I will only be reviewing the main pack.

However, I have not run into any verification issues so far as all of the non-nude selfies are in different positions/same place, leading 99.99% of customers to think you're a real person.

You can also easily use her to make a Facebook account, as there are lots of 'everyday' (in the lift at work, visiting a museum, selfies) pictures.

There are also 3 ebooks included in the pack. 1 of them is written by VBScripter himself and I'd say is pretty good for beginners. It includes 42 traffic sites and guides you on starting out as an eWhore. The other 2 are about using a VCW and other methods of ewhoring (such as craigslist), and I'd say they're alright. Not the most in depth and you could find their info on HF with the search bar.

I'd like it more if the screenshots of the chats with customers included screenshots of how you built the conversation up to getting them to buy, but there are a couple of buyer emails included in the screenshots that anyone buying this pack could 'accidentally' email with prices ;)

Hey guys! I know I vouched for TheVBScripter already since I bought his AIO pack. Back now with a little update. So on my first day I made \$0, today is my 2nd day with E-whoring and believe it or not, I made \$20 agc .com gift cards!!! I know I know, what is \$20 right? To me this is a huge achievement and I am going to try and make \$100 a day with his methods. I'm telling you, as long as you put the time and effort into this, you WILL make money. So if you haven't already done so, please buy from this guy. He is legit and very responsive to your questions.

Anyway, here's my review of the pack:

8/10

There are 32 packs included in this AIO pack, some are large and some are small. The main pack

by VBScripter has lots of images, mostly non-nude and almost nude, and 6 videos of various lengths. I've been using this pack for a day, and it has brought me \$30 from selling a 6 minute video. Mind you, I was lazy af and only got LQ traffic of 10 chats ? I have not used the other packs yet, so I will only be reviewing the main pack.

There are not a lot of verification photos, and all of them are with her holding a piece of paper, so if your customer wants a verification of her holding up 7 fingers you're screwed. None of the verification pictures are in the same place/different positions so if your customer is smart and asks you to do a second verification in a different pose you're also screwed.

However, I have not run into any verification issues so far as all of the non-nude selfies are in different positions/same place, leading 99.99% of customers to think you're a real person.

Most of the pictures, as mentioned, are either non-nude or almost nude, and there are only 7 nude photos of her. I'd recommend you sell the videos instead of nudes with this pack, it's easier and you'll earn more \$\$\$\$. You can also easily use her to make a Facebook account, as there are lots of 'everyday' (in the lift at work, visiting a museum, selfies) pictures.

There are 6 videos of the ewhore. 2 are with a real guy, the other 4 are with toys. 2 of them are quite short and filmed in LQ without face, the 2 with the guy are filmed in POV and decent but still no face, 2 are filmed in HQ with her face.

There are also 3 ebooks included in the pack. 1 of them is written by VBScripter himself and I'd say is pretty good for beginners. It includes 42 traffic sites and guides you on starting out as an eWhore. The other 2 are about using a VCW and other methods of ewhoring (such as craigslist), and I'd say they're alright.
