Thread: [Best current group user bar?](#)

Zexo - May 10, 2016, 8:29 pm

This thread is to just gauge what people like and what people don't. It's purely to see what people think about the designs and not the groups themselves.

If a group is being re-branded at this time the newest concept/user bar will be used such as sheep gang.

User bars:

Null:

https://hackforums.net/images/modern_bl/groupimages/english/null.png (only 15 images allowed on a thread)

Echo:

Nightmare:

Red lions:

Riptide:

Dawn:

Enigma:

Fusion:

Sheepgang:

Order:

Eternal:

Minecrafters:

Brotherhood:

Royalty:

Legends:

Apex:

Just really curious what all of hf thinks of the current design that most of the user bars are built around.

Deany - May 10, 2016, 8:31 pm

Was always a fan of Null's, it just seems so classy.

Rikk?a - May 10, 2016, 8:32 pm

Could of made it multiple choice now I can't pick.

I really like the old user bar style so it's a shame that we can't use it anymore.

Cyber - May 10, 2016, 8:34 pm

Always a fan of brotherhood ever since they showed it it was just perfect for the group lol

Heart - May 10, 2016, 8:35 pm

Everyone lowkey loves Echo.

Grim - May 10, 2016, 8:36 pm

sheepgang hype. lol but seriously thats cool ?

J?son - May 10, 2016, 8:38 pm

echo and the order have the best userbar.

Ayahuasca - May 10, 2016, 8:40 pm

Echo, Brotherhood, and Enigma.
Can't choose tbh.

'Fry - May 10, 2016, 8:41 pm

I mean echo is kinda cute

Pluxo - May 10, 2016, 8:41 pm

Can't choose, not multiple choice.

glitchgxd - May 10, 2016, 9:37 pm

Should take out Null's UB and put up Apex's since Null is being sold lol

Stashyy - May 10, 2016, 9:41 pm

Gonna give my vote to dawn. Like that type of userbar. Reminds me of something I seen before.

Ya changed it I guess most people know what the null ub looks like anyways.

Rich Uncle Pennybags - May 10, 2016, 9:49 pm

Nightmare, Dawn, Order, Royalty, Apex

All of them are cleannnnnn

Webmasters - May 10, 2016, 9:52 pm

Nightmare is just super sick to me. Halloween is my favorite holiday, so maybe I'm just biased.

Anarchist07 - May 11, 2016, 12:30 am

I voted for Nightmare, UB is sex.

Heart - May 11, 2016, 1:11 am

Looks like Grim posted an activity check to vote for Nightmare

milkpop - May 11, 2016, 1:52 am

sheepgang number one lads

Eagle 95 - May 11, 2016, 2:11 am

They all suck except for Brotherhood's but that's just because it's based on an old template of userbars, older userbars were cool, that standard was cool, this newer ones (including ub3r, l33t, staff, etc.) are shit.

Grammar Rays - May 11, 2016, 2:21 am

I'm a huge fan of the original userbars, not so much a fan of the new ones. I went with the Red Lions.

wander is a multi dwc - May 11, 2016, 2:40 am

SheepGang isn't official yet. o.o

Zeke - May 11, 2016, 4:22 am

The Brotherhood is legendary and classy.

Apex is the ugliest, lowest quality userbar I have ever seen on any forum. Fun part is that the owner is negged me for being real, lmao. Sensitive flowers with money and bad taste, eh?

?

Dawn is just beautiful imo. I really like the combination of a Dawn userbar and a Toon avatar (obviously).

Nightmare is also nice, but not as elegant.

I didn't ask for any votes.

Only userbar i like more than nightmare's is red lions.

M?xim - May 11, 2016, 8:36 am

Nightmares is the best. Many of you failed the loyalty test.

Vitani - May 11, 2016, 8:39 am

RedLions will always be the best in my opinion. It just looks so slick. It looked even cooler in the old days when userbars had to have a template.

Fortunate - May 11, 2016, 8:41 am

Nightmare or Brotherhood, i also like the look of Apex's userbar.

Six Double 0 - May 11, 2016, 11:26 am

Eternal is love, Eternal is life.

Lrrr - May 13, 2016, 2:52 pm

Red Lions userbar for lyfeeee

m_rk - May 13, 2016, 4:51 pm

Sheepgangs userbar is pretty rad, but nightmares is probably the best.

SIM-2848947 - May 13, 2016, 10:44 pm

Apex and redlions are the best.

Not sure how anyone can like the nightmare one...

Divined - May 14, 2016, 6:09 am

Pretty sad Grim had to get people to vote for Nightmare.

Glad people like SheepGang's UB though.

Gotta love Fusion's UB as well.

Captain Steve Rogers - May 14, 2016, 6:45 am

For me Null user bar is sexy!

SLY - *May 15, 2016, 8:25 am*

Riptides user bar is really nice it's different compared to the other group user bars.

Doodlegod - *May 15, 2016, 8:26 am*

Order, SheepGang or Apex in my opinion.
