I bought yesterday a 214k IG. I also going to sell shoutouts and doing PPD. Maybe you can give me some tips?

EDIT: PPD isn't new for me. Maybe I can help you with SEO or something?

how long of a shoutout

before my acc was disabled for 40 days I was a 13-18k like page on my 1.1m (ik not too good) but now it's only 8-10k so...

I only sell 1hr for \$35.

SocialMediaBooster - May 17, 2016, 2:48 am

It was a permanent shoutout.

Not any product or brand promotion but it was a promotion of a page and even that page wasn't a brand or anything, just a simple personal instagram.
