Thread: [Ayahuasca x Agitator Collab - Taichi](#)

My start: [img]http://orig09.deviantart.net/eb38/f/2016/134/5/1/taichi_by_ztrinity-da2ezdw.jpg[/img]

His finish:

came out very well, 10/10 would collab again.

The character seems unreasonably dark, when compared to the light next to her, but besides from that it is very well executed :)

I like what agitator did to it. Like the user above said, the render is dark and weird. Not a fan of that circle-like thing on the left side. The contrast hurts my eyes a little but it is nicely made. Good job, you two.

Left side had a lot of empty space so I clipping masked + erased parts and added the black circle so it had more action.

Thanks for the CnC. We both haven't tagged in awhile, so this was more of an introduction back into the grove kinda thing.

Also, the boy in the tag is Taichi 'Tai' from the original Digimon squad.

Ah, sweet. I assume you are more of a C4D style signature guy and Agitator goes for smudge signatures, right?

After the first 4, they're pretty old.

Although I do try and venture off into different styles sometimes. If I see a sick glitch tag I'll try to make one like it and adapt it to my style, it's pretty much that way with anything I do.

Agitator - May 18, 2016, 1:45 pm
