Venom psh-cmd-exe persistence payload Tutorial-By Spirit

Hello guys

I am Spirited wolf as you all know and today i'm here to demonstrate a tutorial on Persistence using Metasploit-Framework. So, for this we will use the Venom-The Shellcode Generator for this

=====

Tutorial Link::?

=====

So, Venom is a toolkit designed by my friend and it's really very awesome toolkit

?You can download it from here::?

<https://sourceforge.net/projects/crisp-shellcode-generator/>

(Point to remember :: The Version that i am using is currently in Developer Stage you can't download it) ?

?Special Thanks to Master:: CodeNinja , Benzi , Th3 uNiquE , bD_iNjecTor && krakenstein?

Might wanna fix your mic or something in the video or something, sounds a bit distorted.

But this looks like a neat project, and I'm definitely gonna look into this.

Should post it in the pentesting section too, they might like it.
