It's called a silhouette. If you still need someone to make you one I can do it for you. :)

Here's what I came up with i.imgur.com/iYlklHf.jpg . Sorry I can't post links yet so you'll have to concatenate the link. If you like the design so far or want me to work with it more let me know. I didn't work on the avatar because I wanted to see if she'd even liked the cover.

Here are several different versions. I never noticed you specified a font so I used 'Chango' for a couple of them. ([imgur. com/a/B1ri6](http://imgur.com/a/B1ri6))
