Thread: [\\$5000\]Todays Refferal earnings \[PROOF\]](#)

StoneIsland - May 21, 2016, 1:58 pm

Hey, these are my todays refferal earnings. This is btw a good day.

These are only my refferal earnings. We are only 17 hours in the day, so I have another 7 hours.

This is CPA/PPI

I get 5% of the earnings of my refferals, so my refferals almost earned \$5.000 today.

Wow nice job man. I saw your thread earlier, which it seems you have deleted. If you're still taking on people, then I would definitely be interested. I have around 2k to invest.

Leonidus - May 22, 2016, 2:17 pm

Hey mate, new to HF. Just been reading and taking it all on. Stumbled upon your thread and decided to jump on the opportunity.

Mind shooting me a PM? I'm big into social media - could become your most valuable referral if you were to point me in the right direction.

Thanks old sport.
