Thread: [Themes in vb.met](#)

LulzClerk - May 21, 2016, 6:25 pm

Every time i right click on my project and select add a Existing Item (theme) i get errors, someone help?

Annabelle Lee - May 21, 2016, 6:54 pm

Have to be more specific then that. What errors, what theme, version, etc.

Odus - May 22, 2016, 2:18 am

Chances are the theme is dependent on theme base or mint-something, you'll need to include that too.

markzuckerberg - May 23, 2016, 2:57 am

any screenshot.. any name of the theme or more details of the error you are getting ?

Josh? - May 23, 2016, 3:06 am

You're thinking of [MintUI - Open Source Theme Framework](#) by [Aeonhack](#)
