Hey Everyone! I couldn't leave HF without at least giving my Feedback here!

I'm just going to get right into it.

Staff

Roger Waters - Bitch

King of Hearts - Bitch

Omniscient - Bitch

The rest I don't know. Staff are VERY personal on this site, If they don't like you, they will let that affect how they treat you and that's very unprofessional in my eyes but who cares! I was banned for LQP!

Groups (That I was in)

Respawn - I don't remember it was so long ago but I remember getting kicked and being bitter as fuck

Dawn - Pretty cool relaxed group was very fun

The Brotherhood - Cryptic is easily the coolest "HQ" member on this forum, A few cool members in that group, a lot of cunts but I just avoided them. Overall probably the best group I was in

The Order - Biggest joke group on HF, Of bunch of personality lacking members are basically sucking each others dicks. I'd rather have Mooseph calling me a bitch over 10 members are acting prim and proper to impress who? The 100 other people on this site?

Enigma - I was in this group for like a week because it was dead as fuck and they needed post whores

Squad - I lied to get into this group.

I think that was it that I was in, If I was in your group and didn't mention it it probably sucked.

Members that deserve a little shout out

Regulus - one of those overly tryhard HQ bitches who doesn't have a personality, Also sent me kik, skype, pms and twitter dms asking me to remove a neutral i left on him. LO fucking L

Grievous - Glad this cunt died am i right?

Its been real bitches, I'll be back on a new IP once this gets banned but I'll only lurk and none of you will even know it's me, I joined this site back in 2011 strictly for the Gamertag section. I branched off from then and only remade this account to check the gamertag section because of this recent reset.

Anyway I have the phone numbers of the important people the rest of you, have a good life
