Questions and Answers

Q : do you have any filters like people who are 100% time wasters?

A : There is never a 100% possibility but these come pretty close to it :

- Age 19 and lower
- Most Indians or any Asian country
- Any username that's the name of a celebrity
- Profile Picture of Abs or Dick pictures
- People who message you with a dick pic, or straight up ask you to trade nudes

Q : How do you bring up the subject to sell nudes? I've talked to 400 guys the last week and when I ask if they want nudes and what I get in exchange, 99% of the time they say "my pictures/cock". When I bring up money they don't respond/they say they will buy after I send some previews(and they never do)/they say they can only trade etc. Only one guy actually paid me (he did it really quick without much talk).

A : I, personally just tell them I'm selling pictures with the first message I send them. If they don't want to buy then they don't reply and if they do want to buy then they will go on from there. This cuts out time wasters by 80%

Q : What you do with all those guys that want a relationship? Do you keep talking to them hoping to milk them when they get hooked to you? Do you ask them straight away to buy?

A : Of course. If they already paid once then chances are they are going to buy again, so you should always keep in touch

Q : How about when they ask "are you single?". I've found that if you say "yes" they might believe they can get a girlfriend and that can make things easier but when I say "no" they get more horny, they like the idea of a taken girl talking to others. Not sure which would be better.

A : Cant really say much about this. I personally always tell them I'm single, and that i broke up recently.

Q : If the buyer sends you the AGC and after that he "cancels" it, do you get a notification or something like that?

A : The chances of an AGC getting canceled is very very slim (if you dont scam) and Unfortunately, you don't get any notification if they cancel it. You'll just know when you try to redeem it and it won't work.

Q : I'm looking for some good ewhore packs. Doesn't matter free or paid, I don't mind paying for some good ones though. Where do you get yours?

A : I make my own packs. This ensures that the pack will remain unsaturated unlike the free packs where the person might recognize the girl because of so many people downloading the pack and using it. You should click my signature and it will take you to where you can buy some of my unsaturated pack, they will make a difference!

Q : Do you think it's good/necessary to switch packs and your kik account over time?

A: It depends if you're doing well with your current pack. If you're actually selling there's no need to change packs, but if you're struggling to get sales then yeah you should. Also it's a good idea to have second ewhore's on the side to sell pictures to clients who have already bought from you.

Q : What methods of currency do you use? Example: PayPal, Amazon, BTC..

A : I use Amazon and Paypal, now mostly Amazon because i've had some accounts limited on Paypal with money in them. AGC is a way safer and secure method.

Q : What's the method for getting your payment into your bank account IRL so you can buy some chips from the cornerstore using your bank card?

A : I exchange AGC to BTC and then sell the BTC using coinbase and transfer it to my Bank account using Coinbase aswell.

Q : Need a non saturated site for Ewhoring.

A : To have a unsaturated site, you have to find it yourself. You will not find any unsaturated traffic sources posted on here as once it is posted publicly, it will quickly become saturated. Try google some kik websites, or chatting sites and advertise your kik over there.

Q : Is Ewhoring Illegal?

A : Not sure about this one, but as far as I know, it's considered as Identity Fraud

Q : Can I get in trouble for Ewhoring since it is Illegal?

A : Not really.. Well you can, but the chances of that happening is near to zero as long as you do not scam or BM.

Yeah that was the whole point of it but it's probably going to sink down so the best thing to do is keep a hyperlink of this thread in the signature and hope that the new guys see it ?

I personally have never double dipped, but I know a lot of people do. The similar email method should do it. You pasically first give him an email for example abbyblackss@gmail.com and tell him to send X amount of money on that. Then when he says that he has sent the money, tell him you didn't receive and ask him if he entered the email correctly, and give him your second email which is abbyblacks@gmail.com

Use the search function, there is a good guide where it tells you how to use fake cam and there is also the apk download files.

Are you making vcw's or just image packs? I've ewhored \$114+, started with kik (best for beginners), ended up doing skype cam shows and then stopped cuz i couldn't watch those small dicks anymore.

In some ebooks they said that paying porn actress and telling her what to do (and recording it) is good method to make your own hq vcw, what do you think about this?

Also how much have you earned on ewhoring and have you tried something else for earning money?

hayyvonn555 - June 23, 2017, 3:42 pm

Thanks for this, really interesting thread :) gives alot of insight for noobs to people like me, not noobs, but beginner lol

I make just Image Packs. I never explored the VCW world.

Ebook's tend to say useless crap to make the ebook seem more professional. I don't think VCW is even a good method anymore.

I Don't really know how much I've earned with ewhoring, I don't really do it anymore because it got boring for me and I've found much better ways to make money.
