this is my first interview coming up, im going to be working at an airport doing cargo and shits, pretty dope tbh, only going because you get wicked discounts like 70% off on most resorts and 30\$-40\$ flights to pretty much anywhere you want lol

Faceless Man - May 23, 2016, 8:54 am

Karambit - May 23, 2016, 10:00 am

hmmmmmmmmmmmmmmmm

Treeline - May 23, 2016, 10:12 am

^ no doubt he makes that much \$. He's probably just doing this for the sick benefits he gets. \$30-\$40 flight tickets, that's fucking awesome.

Young Christ Wrist Slice - May 23, 2016, 10:16 am

This is a fucking meme. Indians like flacko can't work at an airport, they are a high risk if you know what i mean...

???

DooSaM - May 23, 2016, 9:31 pm

Congrats dude! I recently applied at an airport in my city in hopes to gain employment not too long ago.

First interview? I've had so many at this point in my life, not to brag but they've all been successful. If you want an idea of what there going to ask of you or how you should present yourself I'd be happy to help.

Either way you'll probably kill it GL!

What kind of position are you working in that gives you great discounts like that?

I know several people that work at an airport that doesn't get what you're about to get, apparently.

Redwall - May 23, 2016, 10:19 pm

I work for American Airlines and I can assure you these benefits and prices are way off.

Synn timer - May 24, 2016, 7:36 am
