Thread: [My Earnings so far \(\(\\$460!!\)\)](#)

Dodgers - May 22, 2016, 9:51 am

Hey I'm AlmightyKing but basically I was stuck trying to make some money to buy an xbox so I can play bo3 with my bro because he's been terrorizing me about not having an xbox lately then I came across this method (not free, requires an investment) and so far in 2 days I've made \$460 which I'm going to use to buy the xbox today and I'll update my thread even more proof when I get the xbox but yeah if you guys need some help making money I can help you. Only come to me if you have a small investment but I just want to help people in the same situation as I was because I know how it felt. Anyways, let me know!!!

I bought this method two days ago, and the AGCs are you used!! lol.

Congrats on the earnings man. I'm in a similar situation as you, I have some money that I can invest. If you could pm me and we could start talking, then that would be cool.
