I'm pretty sure I accepted them all, what's your Skype.

Jerry Smith - July 1, 2016, 8:33 pm

Opening this service once more! Be sure to hit me up if you're interested!

For real?

With your rep I would not trust you with my worst enemies PC to infect....

Nah you're not infected, that's just a thirdparty Skype link. I don't think OP knows that there is a uri for skype.. I mean it has been implemented for a very long time now.

How long has it been? I'll read into that, thanks.

Also, what makes you think you got infected by that (not you Nick (Name)).
