Thread: [Cheapest place to get Overwatch? \[VERDICT = THERE IS NONE BRUV\]](#)

zSerity - May 23, 2016, 11:31 am

It's \$59.99 on the official website, I'm going to buy it unless anyone knows somewhere to get it cheaper? I looked on G2A but it's \$67 on there lol, more than the official site which is fucked.

7k bitcoin and is trying to save money, i respect that

post in buyers bay for now for a cheaper version/account, i'll search for you

Epic??? - May 23, 2016, 11:32 am

I imagine the price on certain sites like G2A will drop once the game is fully released. There's no way to get it less than retail at the moment as far as I've seen.

Ah shitty. Well I'll happily pay retail, the game was so fun when I played the beta ?

LiquidFiree - May 23, 2016, 11:34 am

The cheapest hookup I could find for you was kinguin :) ?
