Thread: [\[H\] \\$1k BTC \[W\] Paypal 10% rate](#)

Baba Yaga - May 25, 2016, 4:29 pm

Minimum Purchase: \$100 (purchase of BTC must be done in \$50 increments)

Looking to sell \$1k BTC for Paypal.

If we have never exchanged before, I'm not willing to sell more than \$100 per person for PayPal. Absolutely no stealth payments, stressor payments, or credit card payments will be accepted.

I'm taking the following:

PayPal = 10% as goods/services with the fees on you if we've never dealt before. I still require anyone I accept PayPal from to have past exchange rep and no scam reports.

I'm not currently buying BTC. Just looking to unload this all. ?

If your Paypal is verified then I'll be happy to deal with you

Scammers stay the fuck away, I'll ask for proof of verification if your past history shows any scam reports open
