thales - May 27, 2016, 4:20 pm

Subjects/classes I can help with:
(Best subjects are math/science)

Math: Algebra, geometry, trigonometry, pre-calc, possibly calculus, and anything under calc.

Science: Any (might be a little shaky on chemistry math)

History: Any

English: Anything but papers

Language: Spanish 1-2

Others: Video production, economics, business, etc (just ask)

I can offer sessions where I will help you over skype or I can just do the work (will cost more).

Prices vary depending on what you need.

I have plenty of people to vouch for me so there are no vouch copies available.
