Originality 10/10
never seen this method before not even discussion related to the content of this ebook.

time 10/10
the ebook content is straight to the point you are not going to waste a minute while reading it.

method 10/10
This method is very easy and I'm sure anyone can do that, you don't even need a phone, you can use bluestacks!

design 9/10
the layout is very simple but straight to the point, it will help you understand what to do

here are my earnings so far <http://prntscr.com/ajzm9b>

(Mar 24, 2016 05:44 PM)RastaX Wrote: [\[CITE\]](#) Got a chance to take a glance at this one.

I have to say that I am pretty impressed by the content.

I personally would never think of such a unique approach to the method and it has some great potential. Also it can be made fully autopilot, but doing it manually should not take more than 5min. Great e-book, simple and tbh even dummies can make a bank with this one.
