Thread: [Runescape - Make mills 07 daily in minutes!](#)

Rayon - May 29, 2016, 9:59 pm

With this method, you can make hundreds of k's in minutes with as little as 1m starting cash. The more money you have, the more cash you can make! This is somewhat an exploit, but not a bannable one. It is a semi common money making method, but with the exploit, it makes hundreds of thousands if not mills in as little as 3 minutes. Will give one vouch of it to a very trusted member to tell you it works and is legit.

Slight risk involved in the method, but not a big deal. Discovered it yesterday and turned 1.5m in to 12m in a matter of 2 hours. No merching involved, but the G.E. is involved, so there are 4 hour caps on things you buy to do this method, but the G.E allows you to buy a shit ton of these items every 4 hours anyways, so odds of reaching cap are pretty low.

Price = \$20 PayPal or 20m 07 GP.

The more money you have, the quicker you can make mills.

I wouldn't mind the vouch copy, see what the buzz is about.

Interested in what this may be about.

All the people asking for a vouch copy are breaking the rules, just an FYI.

I've received a vouch copy to test. After a little bit of questing (yes you have to have some quests completed) I got to do the method.

The method is a smart idea, one I didn't think of! Wouldn't of thought it'd be as simple as it was, just a little tricky to initiate.

Method does work, just know what you're doing! I do NOT think you could be banned for this, but I know you could potentially make millions VERY quick!

Thanks for the review!

Selling this guide still! Make mills today!

Still for sale if anyone is interested!

iLikePonys - June 1, 2016, 2:20 am

Does it involve buying from shops and re-selling to the GE?

No. I wrote that it takes a few minutes. Buying a ton of junk from shops would take hours.

Does it involve Nightmare Zone?

No.

Interesting. Is this something that could be bottled/automated?

Can you PM me with the requirements (eg membership, quest(s) completed etc) if possible?

No point in botting it, it's not gold farming. You can make mills in minutes.

A Few Quests needed. Can't be done on pures. If you're 60 - 70 cmb, you prob have the couple of quests done.

et cetera - June 1, 2016, 6:16 pm

Id be interested in this. Are you limiting copies sold? Do you accept BTC? Pm me please with answers.

You didn't answer my question.

I'm not asking if it's plausible, I'm asking if it's possible.

I told you theres no point in botting it. You can bot anything in Runescape. It's not a complicated game, so obviously you could bot it if you wanted to. Really stupid question to ask again after I already answered you.

I wouldn't recommend botting it.

Guess you beat me to all the reports. Those people are annoying.

OP told me he was selling one copy. I've bought the "one" copy and can say it seems that it's work perfectly okay, just wondering if he's sticking to his word of selling one copy.

THE RULER - June 3, 2016, 8:00 am

Does this involve buying items from the GE & reselling to the store @ karamja with the diary gloves?
