I'm selling huge lists of emails which are perfect for email marketing ?

Pricing:

1,000 emails for \$1 BTC, or PayPal

3,000 emails for \$2 BTC, or PayPal

5,000 emails for \$4 BTC, or PayPal

8,000 emails for \$6 BTC, or PayPal

10,000 emails for \$8 BTC or Paypal

I will only accept PayPal from trusted UB3R members

Can you provide details about the email lists, how you got them, I mean their country, are they gamers, customers for a specific shop, etc? "Perfect For Email Marketing", we can't just email marketing with random emails.

How specific are these e-mail lists? Can you sort the e-mails through country and stuff?

Zink - August 18, 2016, 2:56 pm

I dont see the benefits from these emails. Explain.
