HQ CRACKING GROUP

I run and operate a group with some highly dedicated and active people, I teach my wisdom and I learn as well of course.

I am looking for more active and dedicated people, you do not have to have any cracking experience but it is a great if you do!

If you are a beginner you will learn how to use Sentry MBA quite fast.

We all share our knowledge to each other and we absolutely have no leechers, so if you are one of those people, don't even bother applying ;) !

Form to apply with:

Quote:Experience: None/Low/Mid/HIGH

Why should you be accepted:

Hours online pr day:

Do you accept not to leech or in any way leak content shared within the group:

But seriously though, can I join? I swear I have experience in cracking after all it's basically:

Open Sentry MBA

Load config you downloaded from a 3rd party forum
Use proxies (unless you got proxy less config)
SQL Inject a website
Dump the user:pass or email:pass
Put it in there Sentry MBA and start cracking.

The only reasons this is even possible is because people are stupid enough to use the same password for everything.

Can I join now?

Why should you be accepted: Cracking things is very interesting to me and it is becoming a bigger and bigger hobby of mine and I want to learn more about it? If I would become a part of the group I would do my best to contribute and try to learn as much as possible! I've always like reverse engineering things and work out how things work behind the curtains!! also have some experience in programming Java, VB.net and working on C++ in school.

Hours online pr day: It really depends on the time of year, but during the summer time I can at least spend a few hours just browning the forums. After the summer I have less time since school takes up a big part of my free time but I could probably get 2,5 - 4 hours per day of mucking around online time!

Do you accept not to leech or in any way leak content shared within the group: Yes. I take pride and seriousness in serious groups and I will always be loyal to the ones that are loyal back!

I run and operate a group with some highly dedicated and active people, I teach my wisdom and I learn as well of course.

I am looking for more active and dedicated people, you do not have to have any cracking experience but it is a great if you do!

If you are a beginner you will learn how to use Sentry MBA quite fast.

We all share our knowledge to each other and we absolutely have no leechers, so if you are one of those people, don't even bother applying ;) !

Form to apply with:Experience: None/Low/Mid/HIGH
Medium/High

Why should you be accepted:

Because im really experienced in cracking. I know how to make basic config. I know how to dump databases to make my own combolist. I know how to get proxy and to get semi-private dorks. I also

know how to use Sentry MBA ^^

Hours online per day:

Depending on my working schedule but I can be 2 hours to 8 hours easily.

Do you accept not to leech or in any way leak content shared within the group:

Yes I do and not only I'm not going to leech but if I get accepted I'm also going to contribute a lot with the group.

Shelltp - October 15, 2017, 3:36 pm

Experience: None but I want that to change and it can change.

Why should you be accepted: I can't exactly give you a solid reason except for my willingness to learn this. This is something I am interested in and hope to do it as a team/group together. My eagerness to learn is probably the biggest aspect of I, and the fact that I often learn these things relatively quickly and I'm not afraid to go off and do my own background research.

Hours online per day: Easily 6+ From now onward.

Do you accept not to leech or in any way leak content shared within the group: Yes of course, I'm not a scumbag.
