Vouch for Aftermath got these books on goodwill monday. They were well written

Just used these methods and made \$50 AGc in around 2 hours.

Casian - June 21, 2016, 5:08 pm

Just received a vouch copy of this here is my review:

First off with the amount of info in these, you are pretty much guaranteed to make your money back. I learned a lot from it and I have been E-Whoring months. Each ebook is well written and easy to understand. The autopilot ebook goes so in depth and is very effective. and I can tell a lot of time was put into this and appreciate OP for releasing this. Also this package is great for beginners!

10/10

MiLkBoNe - June 21, 2016, 5:19 pm

This is my review after receiving a vouch copy

The methods in this ebook are stuff i haven't even heard of before, completely unique. Each method has its own pdf but let me tell you it is not small. The ebook guides you through every single step including pictures and captions. They all well written and honestly probably the best put together ebook that ive seen. I don't ewhore because ive never been sucessful at it and even I know that with these methods ill make bank. A lot of time has gone into making the ebook and can vouch that you will make a shit ton of money using it. Overall I'd have to give the ebook a hands down 10/10

Received a Vouch copy and this is my review:

First off you can tell that a lot of time has gone into this e-book. There are some well established methods included as well as some innovated ones. With an investment of time and if you follow one of the countless methods inside this ebook, you are guaranteed to make money. He goes into detail with not only how to setup certain methods, but how to thrive in those methods. It's also great for beginners hoping to get their feet wet, as it has a really clear layout. Been e-whoring since awhile ago, and this definitely will put you on the path towards success if you are just starting off.

Knucklez. - June 22, 2016, 11:13 am

I haven't read all the methods included in the book.. but what I can tell from the first couple is that the methods do in fact work if you follow the steps. It tells you everything you need to know and will help you make an income from ewhoring. The book will teach you various ways of achieving your income goals.

Thank you Aftermath. I vouch for this and recommend this to beginners. :)

Product Review: B

This Book bundle is made up of 7 books. I have reviewed each individual ebook below. This product as a whole is a great resource for anyone but the most professional of ewhores. Although you might see some things you already know there are a few hidden gems in the methods and Tools given in this ebook pack. I even did peer review with ewhoring professionals and obtained opinions about certain resources and are shocked they are be given out in this ebook pack. All in all this is a HQ product and I would say is certainly worth the money it is being sold for.

1. Autopilot Traffic: C

This method is decent for beginners coming into Ewhoring looking to learn how to optimize workflow, or increase traffic.

Only one method directly provided. Other theories included, but no directions.

-Some links are broken. 3.

-Technical troubled people will have trouble understanding certain items due to lack of thorough explanation. 4.

2. GayeWhoring: A

Very in depth tutorial covering theory and specifics.

Direct links to resources are given, as well as good background on the theory of what you are doing.

Covers many aspects, from traffic, to pack generation, to auto piloting, and even increasing conversion rate.

-Some links are broken. 5.

3. Making your Identity: C+

Includes some good information about how to properly use certain methods.

Decent background theory and method.

All in all a pretty decent grab.

-Number of example methods could be increased. 7.

4. Snapchat: B

Very good methodology and theory behind Snapchat Ewhoring.

Includes tools and resources to be used.

Includes great directions for most tools.

-Technical troubled people will have trouble understanding certain items due to lack of thorough explanation. 6.

5. Social Media: B+

Decent resources and methodology. Methods contained here can really increase traffic, and help

you utilize social media as a whole without

being banned. Ebook is designed to just ewhore using social media.

6. Traffic: C+

Many saturated resources, however there are a couple of VERY HQ Unsaturated resources I am sure most do not know about.

-Number of example methods could be increased. 8.

7. Unlimited Packs: A

Includes a few methods, but an Extremely powerful resource that can constantly produce unsat packs.

Is it maybe also possible to purchase this another time for a friend of mine, but pay in Bitcoin Cash? Can't seem to share the pdf..

cryptobassboost - June 27, 2018, 10:15 am

Thank you!

My friend is also really satisfied with the product.

Made his first \$20 yesterday :D

cryptobassboost - June 30, 2018, 3:58 am

I actually wanna thank you again for this method. The past 4 days I've really mastered the method and I've earned more in 4 days then I usually earn in 2 months.. :O
