Thread: [\[50% OFF 5\\$\]BUBONIC PLAGUE SPREADING \[Unseen Before Ratting methods for slaves!\]](#)

SIM-2059193 - May 31, 2016, 6:22 pm

PLEASE BE SURE TO MESSAGE ME ANY QUESTIONS I AM 110% HAPPY TO HELP

I AM ALSO HANDING OUT 2 VOUCH COPIES TO THE FIRST 2 Upgradeds THAT COMMENT ON THE THREAD, I WILL EXPECT THOROUGH REVIEWS

0/2 AVAILABLE all vouch copies gone

Vouches

(May 31, 2016 06:43 PM)FDBMAN Wrote: [\[CITE\]](#) I have Received a Vouch copy from the Author "Jordan Bel°Fort" and I have decided to leave a detailed review for the upcoming customers

Originality: 9.5/10

I've seen so many methods, so many other guides on the internet and on the Hackforums but this one is one of a kind

I've never seen anything like this before.

This method will guarantee you to gain slaves

Method Effectiveness: 9.5/10

The Method is Pure Genius, the technique in which the author has listed is outstanding

This 1 ebook is able to cover multiple ways and multiple platforms that you're able to spread upon

This method will not be saturated and with the right niche this method could earn you about 500 slaves a day

Ease of use: 9/10

This method is really simple, there is nothing in there that is complex

Most of the platforms and methods will take you less than 15 minutes to setup

Once its setup you wont need to continue on it, its on auto-pilot

I'm not affiliated with OP in any sort of way possible. I proudly support and like this method
Good luck with sales!

FDBMAN - May 31, 2016, 6:25 pm

i may not be ub3r though i'm approved for one, but if you interested i will leave a very detailed review, just hit me up if you interested :)

Good luck with sales!Thanks man, hope you enjoy the book.

All of the vouch copies have been given out, the price is still 50% off waiting for the second vouch
??

Recommend the e-book to anyone that has low to medium knowledge about ratting.
The OP explains all his ratting methods very good and provides you with all the needed resources
to do so (no need to google stuff).
The first method is not unique, but it is very well explained on how to get best results with it.
The other two methods are somewhat unique and are very effective if you use them properly.

The e-book itself is unique (made by OP) and very well written and should be very easy to
read/understand for non-native English speakers.
Its well worth the money you pay for, so grab it if you need spreading methods! ?

GLWS OP ?
