I purchased a 12-month subscription from Dark for Twitch.tv. The subscription ended prematurely and asked if he would respect his policy of either refunding me or replacing the turbo subscription. He is blatantly ignoring my personal messages, I have seen him online many times and never responded to me other than "internet issues" of which I do not believe.

Just seen him online, doesn't seem to want to reply to me though. ???

If I'm missing other details on this deal dispute please let me know so I can add them, thank you.

EDIT 30th June 2016: [Dark](#) has still not resolved this. Do not deal with him! ??

Valid scam report, he does have an open report for \$150 sorry for your loss OP. Twitch services are hard to get from a trusted source.

Please read last comment, i've been having problems with my internet recently.
This is absurd, ill renew your membership when you are available.

OP please do research the next time you decide to do business with people. The defendant has multiple scam reports and community alerts, but he has stated he'll renew your membership, so good luck with this dispute. Valid report.

Hmmm.. :/

You're right; it is absurd! You relinquished your right to benefit of the doubt when you scammed your first consumer. This scam report will not be removed; however I will add a note if you have the decency to fulfil your end of the deal.

Thank you, most of his reports are after our deal. I will continue to be diligent in the future.

Le Max - June 3, 2016, 4:23 pm

Good luck with this melSeek, doubt it'll get anywhere with the amount of reports stacking up against him though.

I fucked up; I never saw them threads before my purchase. Evidently didn't do enough research on him.

Le Max - June 8, 2016, 4:19 pm

We've both been scammed, what a sad life.

skyfire123 - June 8, 2016, 8:09 pm

I am going to continue vouching for Dark.

I made a Payment for a Twitch Sub for 3-Months. It needs to be renewed (it ended prematurely.)

Dark has said that his internet is having issues. I have no problem with purchasing his packages if he resolves my issue and OPs.

I will however edit this comment and post a separate thread if this issue is not resolved.

Update regarding this transaction, not heard from Dark ignoring me and several others who have traded with him. I'm positive he carded my Twitch subscription.

Do not deal with this user.

Update on my situation:

Dark did scam me (I was too gullible.)

I took action against him and was FULLY refunded.

I am sorry this happened to you but I hope this will not happen to anyone else.

melSeek - June 15, 2016, 10:37 am

Dark scamming will continue to happen and it's not just me. Many users are being targeted.

I'm interested why he would refund you but not anyone else. Seems suspicious to me considering you were vouching for him earlier.

Yeah. I vouched for him — Until he began ignoring me.

I decided to request a partial refund through PayPal.

He escalated the claim to a dispute on PayPal and said that the service was fully received.

Fortunately for me; I had a handful of just-in-case security measures in place.

PayPal refunded my purchase completely.

Dark attempted his scam tactic but ultimately paid for a full month of Twitch sub.
