Thread: [Free \\$50 in rides from Lyft! \(Uber Alternative\)](#)

Lyft is giving away \$50 in free ride credits to new users using the code OHIOFREE. Simply download the app, enter code on "Payment" screen, and then request a ride.

It's 10 \$5 rides btw. Just wanted to put that out there to clear things up since some people think it's a \$50 credit

Thanks for the code, haven't use lyft in a while. Might have to make a new account to get it to work.

True, it says this in the app. \$5 on Lyft will still get you a long way, and 10 rides will last you forever.

If you've been a customer before, you might have to use a new phone number.
