Will they have 2 gift awards?

It is my friends birthday and want to send him one.

edit: [Help Docs](#) says only 1 will be granted :(

I think so since i seen orgy had 3 rolls of toilet paper becuz he was a 3 roll asswipe according to the text on his awards lol. i think its possible yes.

I don't think so. I'm pretty sure that 2 of the same awards on one profile only apply to awards that cannot be bought.

I will be more than happy to be your test subject. In all seriousness, I have never seen anyone with 2 gifts, so perhaps the money will be refunded (if the purchase will go through at all). It may be logged in the system that the member already has that award, so it may just give you some sort of error.

It'll just end up getting removed so there's no point. You can only have 1 gift award.

Purchase system won't allow it. If you tamper data the award still wouldn't be granted.
