Would like to have it aswell. Thank you for doing this.

BATGOD - June 13, 2016, 11:46 am

I received the method/link from OP. It seems legit but just like any BTC faucet it will take you a lot of time to gain any substantial money from it! The good thing about this faucet is that is no time limit you can solve captcha's N number of times but to reach a good amount is quite problematic. According to my calculations you will need to solve 100000 captcha's to get 6\$ but you can withdraw money before too like at 1\$ or so but then its quite a lengthy process. But thanks OP for enlightening me and all of us about the same.

No, not even with hard work will help you earn a dollar a day.
This is all so we can use your referral code. This isn't even in the right section.
