You have been invited to join AnimeFAN! Skype chat!

Our small group has been sold but our skype chat is pretty active, it'll be nice to see some of the new members who are active in our sub forum to meet some old fags, new fags and also the regular fags in our skype chat. It's almost active 24/7 with maybe 3-4k messages a day.

If you want to join, PM me your Skype or post it below.

Seems like a chat for a bunch of weebies to fap to each other watching Boku no Pico well crying about how bad life is and how they never get 3D girls however 2D girls are much better just pointing that out.

Sorry I mean I sign up.

Esdese - June 5, 2016, 7:28 pm

Pretty annoying chat filled with 90% non HF users, so I'd be cool to have actual HF users in there.

100% Vouch.

Are you still in the group? Haven't seen you much unless your name was changed or something. On the topic of that image: 1. Cory is best amine character, 2. Won't it be gone soon due to...4chan?
