Thread: [8 years on HF](#)

Undefined - June 5, 2016, 2:52 pm

So, I'm pretty sure that this is my first feedback thread. I've been on HF for about 8 years and I've seen it grow and become big and wonderful, as it is today.

Posting activity

Code Computer and Online Gaming 659
Science, Religion, Philosophy, and Politics 389
The Lounge 308
Call of Duty Series 151
News and Happenings 81
Marketplace Discussions 53
Buyers Bay 51
Group and Crew General Discussions 50
Investment Strategies and Markets 49
Nightmare 45

As you can see, I was an avid gamer. I was also posting in the lounge a lot as well as the SRPP section. A lot of my posts were in the CPA section and in the investment section as well.

I only recently got active again and have tried to improve my posting quality. I've gotten more HQ and I am not earning as much negs as I was back in the day ?. As you can see, I had some trouble finding friends here on HF.

GROUPS

NULL

Null is an old-ish group and they're truly security specialists.

ECHO

Trolls, trolls and only trolls. The real OGs of HF. The people that make (probably) the most money on here and pretty much rule the marketplace. Also, racist kids.

NIGHTMARE

Great group with a lot of good coders, designers and more in it. Glad to be a part of it.

RED LIONS

Prestigious group that nokia2mon2 owns. He's truly a god of donations and literally a prince. He has a lion's heart.

RIPTIDE

Haven't seen much of you guys recently. Only the best GFX designers in here.

DAWN

Lounge group(?) that lowkey sells buyins ?

ENIGMA

Enigma is a lounge group as well, I guess. Nothing much from them. zSerity is cool.

FUSION

Gaming group. Raptor has been inactive for like 3 months. Don't know where the group is going.v

SHEEPGANG

Gaming group. After Squad failed this just burped out. Hopefully, this'll succeed for Divined.

THE ORDER

Cool ass group owned by a real blackhat. ?

ETERNAL

Marketers group. Pretty cool, but I haven't seen much of it lately. Nex gets a lot of hate.

MINECRAFTERS

I guess Titans is gone ?

BROTHERHOOD

OG group. Great coders and general specialists in the group.

ROYALTY

Nothing on you guys ?

LEGENDS

Group led and owned by blackhatters and masters at their profession. Good stuff.

APEX

Hope that anti-scam works for you. Also, HFAlert owner is in the group ^-^

STAFF

Omniscient - Great guy. Great site owner. I wouldn't want anyone else leading HF but you.

King of Hearts - Great staff member. Constantly active and helpful.

Skorp - When I see you on a thread, I know shit's going down. You're great as well.

Sam Winchester - My go to if I have a policy question :)

SHOUTOUTS

[The Illusionist](#) - You're a living meme and a great currency exchanger.

[The GRim](#) - Group owner and a great guy in general. Makes money.

[Mefie](#) - Great coder and a personal friend.

[Remix](#) - Because you love Warcraft 3.

[Mavis Vermillion](#) - One day I'll get my Battle.net GC.

[Scumbag](#) - Chill as fuck guy to talk to on Skype.

FINAL WORDS

The site is doing great and Omni is doing a great job. I personally liked the old theme more but that's because I'm just a very nostalgic person overall. It's short thread but long overdue so I made it so quick ^-^

TO A HUNDRED MORE YEARS!

You forgot to add "gang repping" to the list of completions.

Michael - June 5, 2016, 2:55 pm

Damn 8 years is a very long time.

Where there some periods that you took an extensive break of HackForums?
And nice feedback thread.

Grammar Rays - June 5, 2016, 2:56 pm

I always get super jealous of pre-2010 however nonetheless, congratulations for sticking it out this long.

Here's to at least another 2 years! That would be shit hot if you can do another 2.

Cap - June 5, 2016, 3:30 pm

It is definitely nice seeing older accounts here. It is rare to see 2009 accounts, but a 2008, that is awesome! Congrats on sticking with HF for so long, keep it up!

Respect for the 08 members, don't know why I hadn't joined then I was just watching youtube and lurking. Never thought the site had a future to be honest. shoutout 2010 members, we just missed out on 09.

I know what you mean, I could have possibly been a 2008 member because the first time I got hacked I should

of joined then but when I got hacked a second time thats when I found HF.

So think about this If I never got hacked I would never ever of found here.

Yeah. I think none of us actually expected HF to get this big.

Divined - June 7, 2016, 12:16 pm

I didn't rebrand Squad into SheepGang cause Squad "failed out", I did it cause I just wanted to. Good feedback nonetheless.

The Illusionist - June 7, 2016, 12:17 pm

Yay I'm the first member in your shoutout list :D
Nice memes dude

pissedaf - June 7, 2016, 12:25 pm

I'm pretty new compared to your guys. This thread a classic example of how HF has changed and a lot of kids have swarmed in. I can feel the maturity dripping from every post here.

@The grim, I saw your scammed thread a while ago. Hope that is fixed now

don't know and haven't seen anyone else around.

I hope I'll achieve 10 year mark here and make a thread just like this

Happeh - June 7, 2016, 12:30 pm
