USE THIS IMACROS SCRIPT TO EARN FREE CREDITS FOR KINGDOMLIKES

Kingdomlikes is a network like Addmefast to gain FB likes, FB followers, Twitter followers etc.

How To Use Kingodm Likes Script -

1. This imacros Script is For Firefox So i Recommend You To Use Firefox Only.

2. Then First Step is You have To Install 2 Extension -

One is Block Site Plus - <https://addons.mozilla.org/en-US/firefox/addon/blocksiteplus/>

Second is imacros - <https://addons.mozilla.org/en-US/firefox/addon/imacros-for-firefox/>

3. Check this tutorial video to know how to do the complete steps:

<https://www.youtube.com/watch?v=1IVQAcuMS5g>

5. And get the Script From Here -

<https://www.dropbox.com/s/3qd2s5tk4xjqouw/KingdomLikes.iim?dl=1>

Tip - Paste the Imacros Script In documents>Imacros>Macros

PS: Thanks me later ?

Please do leave a feedback if you like the tutorial ??
