Thread: [Pull Emails from OG's \[TWITTER\]\[AOL\]\[INSTAGRAM\] FREE \[VOUCH PLZ\]](#)

Trippy Panda - June 6, 2016, 7:44 pm

The attached images should explain the purpose of this program.
If you do not understand how this could be useful, don't ask for it.

Please don't be a faggot pussy and leave without giving a vouch.

Here:

<http://www.mediafire.com/download/2u5ywe3u79w68w5/SocialRecovery.exe>

Sexy members only.
Cheers?.

Energy Wizard - June 6, 2016, 7:45 pm

OP junked old thread and made this one I guess. I still haven't tested the tool.

Virus scan:

Lady Killer - June 6, 2016, 7:46 pm

I am pretty sure you can't do post to pm.

Anyways, this looks like a sick program. Can you post a virus scan?

chuksy - June 7, 2016, 3:39 pm

Hello your tool is a useful one, I will like to know does it pull the full email address and do you search for a particular email like imputing a name to search for the emails.

blazelord - June 7, 2016, 4:26 pm

virus scan results :

TRILOGY - June 7, 2016, 4:29 pm

Also what is the dbc for this program??

What is the dbc for this program homie?

Trippy Panda - June 7, 2016, 7:12 pm

not good mate .. this aint false positives Decrypt the program and kill yourself because you have NO clue what you're talking about.

Zarokee - June 7, 2016, 10:21 pm

Looks like a solid program, thanks

Informed - June 7, 2016, 11:16 pm

hope its not a virus i just ran this yolo. Also why do we need proxy for this? if it already know's the email.

blazelord - June 8, 2016, 11:55 am

i meant no harm mate .. not trying make any trouble in any way .. i appreciate good work bro .. just being too carefully . hope u can understand dat ..

Riyu - June 8, 2016, 11:59 am

Good work OP it looks nice.

blazelord - June 8, 2016, 12:46 pm

kudos to Trippy Panda ... ?

LouLaVie - June 9, 2016, 10:53 am

It's not pulling any data!

Can you please guide me into this?

Trippy Panda - June 9, 2016, 10:57 am

(Jun 9, 2016 10:53 AM)LouLaVie Wrote: [\[CITE\]](#) It's not pulling any data!

Can you please guide me into this?You need a proxy list. You also need a death by captcha account for Instagram and AOL.

Cloge - June 9, 2016, 9:41 pm

looks like a solid program, thanks

AnonZee - June 10, 2016, 3:37 am

Thanks Vouch for this great Programmer Its not a virus

99DuDe - June 10, 2016, 4:03 am

Thanks DuDe, this is what i was looking for ;)

Really Cool - June 10, 2016, 4:51 am

am i dumb?

whats the point in grabbing a censored email?

fidraly1 - June 10, 2016, 6:43 pm

Also what is the dbc for this program??

if your IP is blocked, proxy will come in handy

cust - June 11, 2016, 6:07 pm

thanks, really helpful ;)

?ch?m?ll?? - June 16, 2016, 1:37 pm

app looks great ... would be awesome if it works for other social networks like FB or LinkedIn

boost - June 18, 2016, 8:11 pm

seems like a cool tool, but if you can pull full uncensored emails, ill pay u :D

derekalex - June 18, 2016, 8:17 pm

Thanks for the tool, dude!

SIM-2908357 - June 18, 2016, 8:24 pm

Dropping my vouch, this software is working like a beast!

derekalex - June 18, 2016, 9:05 pm

Need to sign up for DBC!.....

Trippy Panda - July 6, 2016, 12:36 pm

Valentino. - July 10, 2016, 4:04 pm

Could you teach me how to use this? not sure what I'm supposed to do to pull emails, i get an error saying 'the selected module requires you to use a captcha'
