Thread: [Scammed €9,85 EUR by JuazeyCheats \[UID= 2601706\]](#)

Hello,

I got scammed by JuazeyCheats by buying his CS:GO cheat for €9,85 EUR.

I bought his CS:GO cheat the 05/28/2016 via PayPal and I didn't recieved any Download Link or E-mail... So I tried to contact him by using the contact form of his website, after it I added him on his 2 Skype accounts, I've resent another E-mail by myself to him and I sent him a PM on the forum but I didn't got any answer from him. He was connected sometimes on the forum but he never added me on Skype or replied to my PM or my E-mail when he has the time to do... He finally sent me an Email the 06/06/2016 with the Download Link of the cheat (I've waited 9 days with no answer from him to finally get a reply from him via Email...)

There is some problems with him and his cheats: His CS:GO cheat is not as described on his [sale thread](#) and on his [website](#).

I post this Scam Report to try to get in agreement with the seller, I have not done a claim yet. I prefer to wait and hope for a positive return on its part.

Proofs (Sorry for the french in some screenshots but I know that Jua' is French so I preferred send him messages in french):

- Transaction Details: <https://i.imgur.com/4uaGZi0.png>
- He lies about his cheat features: <https://i.imgur.com/BWnCM4w.png> - This is the only features that his cheat have: <https://i.imgur.com/UobXL4k.png> (+He wrote that there is a Skin Changer but there is no link for it so... Yeah, he lie again...)
- My 2 Private Messages: <https://i.imgur.com/Pxw0qxP.png> & <https://i.imgur.com/KTWuJh9.png>
- My 2 Emails: <https://i.imgur.com/7jNGuhZ.png> & <https://i.imgur.com/b9KVHet.png>
- His reply to my first Email: <https://i.imgur.com/4TVcrAV.png>
- Last update of his cheat (5 weeks ago): <https://i.imgur.com/G7ITPZ4.png>

+ Many peoples says that they got VAC Banned because he don't want to update his cheat (and some peoples says that he don't even obfuscate his code and that he stole the source of his cheat):

Thank you for reading my post, I hope that I will be able to solve this issue with Juazey. If someone want to add something here, please tell me what you want to say in PM or by posting a comment on this thread topic.

Legit report I got vac ban 2 days ago not OW ban, and most of the features are non existent, you cannot use either of the aimbots or you will be overwatch banned. Csgo updated on June 2nd, his cheat hasn't been updated for like 5 weeks. i think he needs to fix his cheats or stop selling
