Thread: [Need new dns since i dont use no-ip anymore, help](#)

HappyCEO - June 8, 2016, 5:10 pm

Hi, What should i use instead of no-ip, and can anyone help me set it up and maby give me one free test install ? :P

Try FagDNS!?

K3njii - June 8, 2016, 5:19 pm

Stop using No-IP

Should never used NO IP

LOL

Use Dnsexit or AfraidDNS

I do not know right now. I don't use it!?

President Morty - June 8, 2016, 6:56 pm

I just use Freenom with CloudFlare lol

comandoz - June 8, 2016, 8:00 pm

use true dns

? ?

CloudFlare will ban your ass if they catch you. ?

Minato Namikaze - June 8, 2016, 8:05 pm

AfraidDNS is the thing I use, and never had problems with it.

Mitlar - June 8, 2016, 8:06 pm

If you need I can setup freenom for you send me your skype.
