I had to stop when it started searching penis pumps. How far can you make it?

??

Roytoy - June 10, 2016, 11:17 am

I don't want to to this, too afraid the local police would come knockin' on my door.
Interesting idea though, can't lie about it.

hey soul sister - June 10, 2016, 11:17 am

I saw this last night and let it run for a little bit. Some of the searches just made me laugh. I would love to see a parent's reaction to see this in their kid's search history.

The Kraken - June 10, 2016, 11:18 am

Dude, this site is fucking brilliant.

Raddify - June 10, 2016, 11:21 am

Honestly, the best case for this is running it on a friends account at school.
Would be rolling when you say its a prank bro.

trueee, it searches

"how to kill someone"

"untraceable poisons"

etc.

etc.

pretty funny though.

Egregious - June 10, 2016, 11:49 am

A fair warning to those who actually want to try it out. It may put you on a "list" for real. It will begin searching for ISIS applications and terrorism-related phrases.

RootBite - June 10, 2016, 11:51 am

Wowthanks now im on a watch list. It looked up "how to join isis"

"ISIS Application form" ??

Imfaooo!

funtela - June 10, 2016, 12:10 pm

I would prefer not to do this, excessively perplexed the neighborhood police would come knockin' on my entryway.

Fascinating thought however, can't lie about it.

haha yeah that seems to be the common fear.. Don't let it go too long or you'll be placed on 'the list' lol

Pericles - June 10, 2016, 1:08 pm

That's a pretty good and funny idea but I would rather not use it for the obvious reasons.

Milo Yiannopoulos - June 10, 2016, 3:33 pm

SMOKEDOUT69 - June 10, 2016, 3:45 pm

Why would you even do that to yourself that's just plain dumb that's the sort of thing you spam your enemies with , hypothetically of course

dawid17 - June 10, 2016, 3:46 pm

Lol I stopped at Isis application form. I could do that without stopping

Almighty Koen - June 10, 2016, 3:51 pm

Made my day.

Juan The Young Chef Don - June 10, 2016, 3:53 pm

I went full way. I could possibly be watched by the Canadian Government after that search. I went to 100% the supposedly the only really bad things the search engine deems is. Rape, ISIS related searches such as how to join, flights to Philippines etc and last but not least Bing and Donald Trump.

SMOKEDOUT69 - June 10, 2016, 4:03 pm

Well it's cool that it recognises the victims IP I guess , does anyone know how to disguise this link
