Thread: [Hey staff I need some help](#)

Ways - June 10, 2016, 1:25 pm

Every time I try updating my Notepad in User CP I get redirected to this page:

<http://prntscr.com/beulkc>

What do? ? This has been going on for days

labroca - June 10, 2016, 1:26 pm

Contact Omniscient, there must be a problem with your IP and cloudflare.

I'm pretty sure you'll be fine PM'ing him, just send him the RayID from that page in text form and he should get back to you.
