Thread: [Amateur eSports Organization Looking For Sponsors](#)

Lancer of Red - June 10, 2016, 2:29 pm

Hey guys. I'm with Vicious eSports, an amateur eSports organization with semi-professional teams in League of Legends, CS:GO, Overwatch, and Hearthstone. We're expanding at a steady rate and are considering options for sponsorship opportunities at this time.

One of our League of Legends teams, VcS Tempest, will be competing in the Initial Championship League OQ on 6/25. Our CS:GO team will be competing in Season 23 of the ESEA, as well as CEVO-Amateur. We're currently exploring options for the rest of our teams, who'll hopefully be situated in leagues of their own in the near future.

This is a great opportunity for those of you that run small businesses online and are looking for extra traffic to your site. We're currently looking for paid sponsorship and our monthly monetary compensation is extremely reasonable and can be discussed in PMs. We're currently self-funded and all sponsorship money will go 100% into the organization.

In exchange, we're able to offer:

Social Media Branding

Both our organization's official social media and that of our players will proudly display your logo in some way or another, generally on headers.

Social Media Engagement

We will interact with you utilizing our official Twitter account and retweet important announcements regarding your iOS app.

Website Branding

Your logo will be displayed on the front page of our official website under our "Sponsors" interactive bar, as well as on a separate page exclusive to our sponsors detailing your product(s).

Stream Overlay

Your official logo will be displayed on stream overlays of both our official Twitch account and that of our players. This includes out-of-game overlays, in-game overlays, and offline banners.

Channel Links

On both our official stream and that of our players, a panel with a link to your website will be provided so that our viewers can read up on your product straight from our streams.

Youtube Video Overlay

Your logo will be displayed at the end bumper of our Youtube videos, and we will link your website in the description of everything we release on our official Youtube channel.

Jersey Branding

We plan on having jerseys designed by the end of July, and we'll be able to add our sponsor's logos to it.

Thanks for reading, and I look forward to working with some of you!

It's flexible, PM me an offer and we can work from there.

Lancer of Red - June 15, 2016, 12:56 am

Bumping this up again. :^)
