Thread: [Appraisal Gambling \\$ Making Method | Risk-Free Gambling | 'Exploiting' Gambling Sites](#)

Zelix - June 11, 2016, 1:43 pm

Hey guys,

I need some appraisals for this method. I've recently bought resale rights for the whole thing. 2 of my 'partners' and recently started doing this. It's probably one of the smartest methods we've seen. I am willing to sell this here on HF, selling like 5 copies for a good price, which will give me some money to invest too.

This method has really never seen before, and I never saw a method here on HF that even gets close to this.

I will not be telling much about the method, I want to keep this as private as possible. The method includes 20 videos with a full explanation and some files needed. An investment is needed, the bigger the investment the more money you're going to make. The invested money is safe and it's all risk free. It could take around 30 minutes to an hour a day, and you will see some profit in the first few days.

An idea of what this method could make:

- Investing \$100 on 11 June 2016.
- Starting with the method
- Spent 30-60 minutes a day, asked some friends to help.
- Cashed out \$190 on the 13th of June.

Let me know what you think of this, and what it's worth. Cause I really have no idea how much this should go for.

Just warning you now OP, if you try and market it as "Risk-Free", I will personally shit on that thread.

It's not a gambling strategy. This is one of the reasons why I don't want to tell much about the method. The method uses gambling, but the money making doesn't come from gambling at all.

I am not trying to sell a method like some methods I saw on here before, again, getting profit using this method is NOT with gambling. Actually, you will be losing like 5-10% of your investment while gambling using my method.

Well hit someone up with the method, let them see it and give a review. I'd offer myself but too busy right now, get another trusted member that definitely won't leak it to review it.

I was thinking of giving someone the method, but it really hurts me to give this method away for free, lol.

I am thinking of giving someone a review copy with a huge discount or something.

Also, if someone tries to leak this, I can guarantee you his brains aren't functioning like they should be.
