Thread: [Nightmare Group Owner UID=431105 Group Buyins](#)

Sift - June 11, 2016, 10:53 pm

So awhile ago I paid The GRim 100\$ for perm buyin into Nightmare. He says only rules for us perm members is don't scam.

Spoiler [\(Click to View\)](#)

Then he starts threatening to kick me out of nightmare few times without refund because I wasn't active on subforum or w/e and apperently I was talking shit about the group.
He also threatend me some stuff and removed msgs.

Spoiler [\(Click to View\)](#)

Then today I get this pm from him.

Thats where I had enough of begin threatend and left the group.
I'd like refund.
And be careful dealing with him/usergroup wise.

C0ldplay - June 11, 2016, 10:55 pm

I have no idea what's happening, but the photos seem legit so far.

Billie Joe - June 11, 2016, 10:56 pm

Seems to be legit. Hope you can get this resolved.

Danny Khalifa - June 11, 2016, 10:59 pm

There were times when TheGrim told that he will refund everyone who was in his group, and he didn't.
Legit report.
Hope to see this solved

Eminem????? ????? - June 11, 2016, 11:00 pm

Oh shiet. Doesn't really surprise me though. I've always though buy-ins to a group were kinda stupid imo.

Kinda like: Oh you want to sit at the cool kids table!? Send us 10\$ and you can sit with us! Oh, you wanted to sit with us longer? Send more \$\$!

Legit report,
I hope this gets resolved soon because it's completely out of order

Why tf would you pay 100\$ to join a group .-.?

First of all,

Analyse while being in the group was at the start overall chill and nice to talk with until the day he asked for bumps to his sales thread in the Skype chat, which I posted a picture of in his own sales thread I later deleted my post as the goal of this was to mess with, in the next days he started having a defensive and dick-like attitude for no reason, he attempted banning my Skype which I recovered, then he was telling threats to The Grim that when Analyse purchased into the group it was a free-for-all like contract meaning he could do anything he wants and not get kicked, he thus got kicked from the Skype chat but not from the group, the rest must have been between Grim and Analyse on PMs and Skype, but for sure there at least one reason Analyse is being kicked it's for being inactive and not contributing to the group itself at all,

I have myself purchased in Nightmare for \$100 with a contract of following the group rules and contributing to that group which I am part of, but let me tell you that Analyse purchased in, but never ever wanted to be part of a group such as Nightmare, just take a look at the activity.

If you bought a permanent spot then why would you leave?

The owner didn't scam you. You weren't kicked. You willfully left on your own.

Had he actually kicked you then it would have been a scam. But you left.

Technically he didn't scam you...

But either way a group leader shouldn't act like that. Very immature.

More HF drama. That's all this is.

What info would you even leak?

Let's be realistic. Even if you do leak personal info what would even happen? A few phone calls. Honestly 90% of people on HF are too scared or too stupid to do anything serious without getting caught.

You threatened and doxed our members, you doxed me too. You talked shit about the group. I'm not gonna keep someone like that in the group.

He joined Legends and he was kicked from legends for the same reason.

I am not gonna keep someone whose a threat to my members. Safety of my group members comes before my reputation. Not saying that this thread affects my deals by even 1% but still a stupid ass community alert thread. Feel free to open a deal dispute tho, I got all proof that you left the group on your own. I'll just report the thread to Omni and get you what you deserve.

Edit : Oh and as for why I added you to ignore list, I don't have time to deal with kids like you. You're just another random messaging me.
