I have a bunch of real girls who want me to help them get into adult modeling. Originally I had planned to make a snapchat premium for each one of my models where they would post at least twice a day as well as custom videos, but I dont think I will be able to generate enough traffic for them on my own. If anyone can help me out with the traffic I think it could be very profitable for us. PM me your skype info and lets talk. My skype name is live:.cid.16840733c510ee82
