Thread: [Partner to help me run a CRACKER \(Cracker complete\)](#)

HyperKing - June 12, 2016, 1:06 pm

I have a all-in turbo that is FULLY working, need a partner who is UB3R or a Leet to help me out with it. You will get a nice cut and the turbo runs flawlessly, proof and etc can be shown via PM. Post or PM me if you're interested in joining on this project, good money to be made.

I'm interested, send me a PM and tell me what to do.

This is already done? If not let me know and I'll try to help you out.

HyperKing - June 12, 2016, 1:11 pm

I have sent you both a PM.

I can do this for you, run a pretty beast rig aswell.

OP is trying to find a SALES PARTNER, not someone to help him turbo a username. Slight confusion.

This also seems to be a cracker, not a turbo.

Thread design is complete.

Program is fully working.

API is setup.

Autobuy setup

Stealth setup.

I don't care if my future partner pays me in PayPal or BTC, but preferably BTC.
