So, Yesterday i was about to sell him 0.8 btc for pp at 12% rates.

We both agreed and i provided him my paypal email after like 20 minutes he replied that he can't complete that deal and he's going to call paypal. After calling paypal he told me that he'll try again. And then replied that his paypal is fucked up and he can't complete the deal and he'll contact me tomorrow.

Proof/Screenshot of it:

[#1 Point to be noted.] And then immediately after 10-15 mins he replied that he sent paypal money to my account of 1K (Without even notifying me).

Proof/Screenshot of it:

[#2 Point to be noted.] I asked him for his paypal email for verification, He provided me different email to send the refund. (Haha, He got caught there that his paypal account was 100% stolen).

I don't need to do that, if it's 'stolen' funds refund the money ? Why aren't you doing that. They aren't stolen funds you moron. And you ignored everything I said lmao.

Edit: I've also bought more than 1k btc off people on HF with PayPal. Never had a problem.

I'll do that, as soon as he provides proof that he was ratted and the funds are held.

If he honestly believed that they were stolen funds, he'd just refund. But yet he hasn't.

STILL IGNORING ME. ?

Log into your paypal account and take screenshot. Simple. Not a big issue.

He's online + viewing this thread but still didn't posted proof. (Might be recovering stolen pp account or might be asking with someone to give me proof).

All he has to do is refund me the money, and everything will be resolved. If it wasn't my PayPal nor my credit card. I wouldn't give 2 fucks about the funds.

He claimed he's limited, so he can't refund. Yet you can.

RaiderNation - June 13, 2016, 4:10 pm

From what I seen you both are looking extremely sketchy even if he didn't own the paypal account why wouldn't you issue a refund? You can still refund if you are limited unless you spent the funds..

Jimmie, you're welcome to review the PayPal for yourself. I indeed do own the PayPal.

And yes. Why wouldn't he refund if he thought they were stolen funds.
