Thread: [\[All Members\] Email Bomber /Spoofers](#)

?XiS - June 15, 2016, 9:38 am

Giving away the email bomber / spoofers me and Travis were selling. He doesn't want to give me my profits and wants to buy out my resale rights at a price of his choice (what kind of businessmanship ???) and I'm not in need of the money so I'll just give it away. PM me for the link I'll give you the full non netseal version when I get off my flight.

Hmmm alright.When you're 50/50 on resale rights with someone you can't then go on and sell it yourself. Twice you've done that now.
