Thread: [Iphone 4 Jailbreak Help](#)

DeJay126 - June 15, 2016, 11:26 am

I've been looking on here and haven't found any new an relevant information regarding this. Does anybody know of any FREE applications that will jailbreak an iPhone 4? I'm trying to jailbreak it so that I can use FaceTime without wifi enabled. Let me know. I'd appreciate any help. Thank you guys/gals!

what version of ios? if latest of your iDevice maybe your ios is ios 7 right?

DeJay126 - June 15, 2016, 4:19 pm

Yeah it's 7.1.2. I'm trying to figure out the easiest way to jailbreak. Preferably an app but all the ones I've seen cost money. Maybe ill just search for a pirated version.
