Thread: [Tldrs 1 year feedback! 9k posts, groups, and shoutouts](#)

i a m g o n e - June 18, 2016, 1:05 am

Ok so this is my legit feedback thread about hf and stuff :D. I joined hf from a opposing site, in which i came for mineman hacks surprisingly

Then i started taking the forum serious, and posting more and stuff. Then since i had no idea how payments and stuff worked on here i had my friend latematt(rip he left the internet) pay for my l33t upgrade :D

From then on i posted a lot in the minecraft section, and made nice \$\$ from it i guess you can say

ok so now all i do is post in like the lounge or whatever i see fit :D

I roam marketplace discussions and just make money and talk to people really, nothing else 2 it

Groups [\(Click to View\)](#)Ok so im going to do groups now:

Echo- A family apparently, will fight to death for there members, also good for "marketing"

The order- Im not sure really

Minecrafters- Died :(

Sheepgang- ???

Red lions- Not sure what they do, i think they just talk privately :P

Nightmare- When i was in there it was semi active, not sure how it is now.

Enigma- Coding i can only assume

Fusion- ???

Eternal - Marketing but for now ???

The brotherhood- ???

Legends- ????

Apex- Middlemen/Trusted members

Royalty- ????

Shoutouts [\(Click to View\)](#)Now im going to do Shoutouts <3:

Vyrez- One of if not the first guy i talked to on here, done tons of deals and is always legit <3

Oversight- <3 one of the first people i've talked to

Minimalist- Legit guy, friendly to talk to and he trusts me no matter what

Czarek- Business first

S-01- Another guy i've known for a while, really nice !

Perfect persona- First guy i upgraded, come back

Kebabs- I like this guy

Aducted/z0fy- Really nice guy

Everyone else i upgraded or donated to- I feel you guys r cool

Mr Robot- Always helps me out without payment, really nice guy

Sadistic - Rage quit in a game lol

Edward theordone- I like hackerexperience

Scymo- I talk 2 him sometimes, and i help him when he needs it <3

if i missed its because im really tired and i'll touch up this thread soon later on, just post below i'll shout you out :D

Admins ([Click to View](#))Administration-

Omniscient - Nothing to say really, keep up the great work

KOH- Would you stop giving me warnings over stuff(i saw you peeping the thread you do your job but the warnings man)

Skorp - I've never in my life seen you post so you do a lot of stuff behind the scenes, cool

Sam winchester- Only seen you post once and that's when i had a issue/problem with stuff

Closing words?

I have had my ups and downs on hf, but i just shrug it off, just move on

I may recieve hate for this thread, i would like for that to be kept somewhere else

As i finish making this, i see it's way shorter than i thought, i guess that's what happens when your out of it ?

Sadistic - June 18, 2016, 1:07 am

OMG BABE! thanks for the shoutout!

b?xxy - June 18, 2016, 10:23 am

Not much of a feedback thread.

Work on your grammar, and add more content.

I'll try my best, i made this late @ night though so yea

i read your feedback thread and i like it, but now people just copy it and put pictures instead of words and what not

Scymo - June 18, 2016, 11:56 am

thanks for the shoutout, vouch for this product glws

I see that you've put the effort in, but there's no real feedback in this thread.

You've basically stated what you've done here, spent half of your thread trying to define what each of the groups do (Why?), and give a bunch of shoutouts to people.

I was expecting some more 'feedback' from this 'feedback thread'.

Truthfully, AXiS is the only one of the 26 in the group who does/represents anything of the sort.

If you ever make a feedback thread you can do it the way you wanna do it <3

Happy birthday buddy! Just a reminder that you have multiple open scam reports. No better time than now to resolve them! Ho pay back the money you owe. I think this would be a great way to celebrate your one year on hf!

Here's the link to all the current open reports:
